INTERNATIONAL SEARCH REPORT

(PCT Article 18 and Rules 43 and 44)

Applicant LG ELECTRONICS, INC. This international search report has been prepared by this International Searching Authority and is tran according to Article 18. A copy is being transmitted to the International Bureau. This international search report consists of a total of3 sheets. It is also accompanied by a copy of each prior art document cited in this report. Basis of the report a. With regard to the language, the international search was carried out on the basis of the internat language in which it was filed, unless otherwise indicated under this item. The international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis	n PCT/ISA/220 applicable, item 5 below.
This international search report has been prepared by this International Searching Authority and is tran according to Article 18. A copy is being transmitted to the International Bureau. This international search report consists of a total of3 sheets. It is also accompanied by a copy of each prior art document cited in this report. Basis of the report a. With regard to the language, the international search was carried out on the basis of the internat language in which it was filed, unless otherwise indicated under this item. The international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of the international search was carried out on the basis of the international search was carried out on the basis of the international search was carried out on the basis of the international search was carried out on the basis of the international search was carried out on the basis of the international search was carried out on the basis of the international search was carried out on the basis of the international search was carried out on the basis of the international search was carried out on the basis of the international search was carried out on the basis of the international search was carried out on the basi	filing date (day/month/year) by 2004 (14.05.2004)
This international search report consists of a total of3 sheets. It is also accompanied by a copy of each prior art document cited in this report. 1. Basis of the report a. With regard to the language, the international search was carried out on the basis of the internat language in which it was filed, unless otherwise indicated under this item. The international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international authority (Rule 23.1(b)). b With regard to any nucleotide and/or amino acid sequence disclosed in the international account of this first sheet) 2 Certain claims were found unsearchable (see continuation of this first sheet) 3 Unity of invention is lacking (see continuation of this first sheet) 4. With regard to the title, the text is approved as submitted by the applicant. the text has been established by this Authority to read as follows: 5. With regard to the abstract, the text has been established, according to Rule 38.2(b), by this Authority as it appears in sheet. The applicant may, within one month from the date of mailing of this international comments to this Authority.	
It is also accompanied by a copy of each prior art document cited in this report. 1. Basis of the report a. With regard to the language, the international search was carried out on the basis of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international comments to this Authority (Rule 23.1(b)). b. □ With regard to any nucleotide and/or amino acid sequence disclosed in the international comments to this Authority.	smitted to the applicant
1. Basis of the report a. With regard to the language, the international search was carried out on the basis of the internat language in which it was filed, unless otherwise indicated under this item. The international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international at the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international comments to this Authority. It is a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international comments to the basis of a translation of the international search was carried out on the basis of a translation of the international comments to the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of a tr	
The international search was carried out on the basis of a translation of the international comments to this Authority (Rule 23.1(b)). b. With regard to any nucleotide and/or amino acid sequence disclosed in the international acid. Certain claims were found unsearchable (see continuation of this first sheet) Unity of invention is lacking (see continuation of this first sheet) With regard to the title, the text is approved as submitted by the applicant. the text has been established by this Authority to read as follows:	onal application in the
